Dear Beacon Families,

I'm thrilled to share outstanding news about our schools. Both Kepner Beacon and Grant Beacon earned **GREEN** status on the Colorado Department of Education's School Performance Framework (SPF), and both schools demonstrated high growth. This is a powerful affirmation of our shared work and the daily effort of our students, educators, and families.

What does high growth mean? It means that when students join us in 6th grade, they grow academically each year, and by the time they complete 8th grade, they have made substantial progress. This consistent growth reflects strong teaching, a supportive learning environment, and students who rise to every challenge.

Highlights:

- Academic Growth: Students are making more progress than many of their peers across the district and state.
- Academic Achievement: Overall performance continues to improve as we build on strong foundations.

Participation Rate	Meets 95%	Meets 95%
Academic Status	Approaching 59.0%	Approaching 38.2%
Academic Growth	Approaching 63.4%	Meets 63.4%
Overall Rating	Performance Plan 61.6%	Performance Plan 53.3%

We are deeply proud of our teachers and staff for personalizing learning and ensuring that every student is known, challenged, and supported. We are equally proud of our students for their persistence, curiosity, and hard work, and we are grateful to our families for their partnership.

While we celebrate this milestone, our commitment remains the same: to continually improve, expand enrichments for all students, develop strong character, and challenge every learner at their level.

I encourage you to learn more about our SPF ratings by visiting the Colorado Department of Education's website: <https://www.cde.state.co.us/accountability/performanceframeworks>. And as always, please reach out with any questions. Thank you for being part of our Beacon community and contributing to our students' success.

Sincerely,

Alex Magaña

Estimadas familias de Beacon:

Me complace compartir excelentes noticias sobre el desempeño de nuestras escuelas este año pasado. Tanto Kepner Beacon como Grant Beacon han logrado el estatus "VERDE" en el Marco de Desempeño Escolar (SPF) del Departamento de Educación de Colorado (CDE). Este logro es un momento significativo y un testimonio del trabajo excepcional de nuestros estudiantes y personal.

Aunque el SPF es solo una forma de medición, proporciona evidencia concreta de que nuestro enfoque educativo está dando resultados positivos. Nuestro estatus verde refleja un fuerte desempeño en múltiples áreas, incluyendo:

- Crecimiento Académico: Nuestros estudiantes han mostrado un progreso notable, a menudo superando las expectativas en comparación con sus compañeros a nivel estatal y en todo el distrito.
- Logro Académico: Hemos visto mejoras notables en el rendimiento académico general.
